ABOUT ME

A Law and Philosophy student at Tel Aviv University seeking a challenging entry-level position in a dynamic environment. Brings a unique blend of analytical thinking, technical writing experience, and hands-on teamwork developed through military leadership and work at Kmobateva, a start-up specializing in pool filtration technology. Thrives in an interdisciplinary environment and communicates knowledge effectively across the organization.

EDUCATION

TEL AVIV UNIVERSITY

- LL.B, first year student , GPA: 82/100
- B.A philosophy, second year student, GPA: 90/100

WORK EXPERIENCE

KMOBATEVA

2022 - PRESENT

Technical writer & technician

- Contributed to a wide range of projects as both an on-site technician and technical writer, leading several independently.
- Created a large number of technical documents that focused on both customer and technician-driven content.
- Translated technical and creative content between Hebrew and English.
- Used on-site technical knowledge to provide higher-quality technical content review and creation.
- Collaborated with product teams on multiple product development projects, both as a technical writer and technician.

SKILLS

- Simplifying ideas
- Teamwork
- Thoroughness
- Leadership
- Effective Communication
- Writing and translation
- Problem solving

Army service

2018 - 2020

Operational driving instructor

- Served as an operational driving instructor at a combat and instruction unit.
- Awarded the team certificate of excellence at the end of training.
- Completed infantry squad commander training and led basic and advanced training units.
- Took part in military operations as a tactical driver.
